I. Responses to Queries on RfP

With respect to the queries received on the RfP following are our clarifications / responses:

S. No.	Query by the bidder	Response by NGS
1	The plants specified in the RFP have to be provided by the service provider. In that case for costing purpose it is necessary to know what plants are planted now so that relative pricing be considered.	<i>The Games Village is under construction and currently there are no indoor plants. The Service provider is expected to arrange 500 numbers of potted indoor plants specified in the RfP as required by NGS which could be taken back after the operational period. This aspect needs to be considered while costing.</i>
2	Whether the staff will be able to carry their lunch boxes and avail the rest room facility. Or no lunch is allowed in the games village.	<i>Please Ref to Corrigendum 2 to RfP, Section II 12 & 13 which states that “Canteen facilities will not be provided to the staff of the TFM service providers. All other basic facilities like drinking water, toilets, rest room etc. will be provided to the staff.” However, the employees of the Service Provider are allowed to carry their meal packets and also avail the rest room facility.</i>
